Who We Are:

Our mandate at the NATO Council of Canada (NCC) is to educate and engage Canadians about NATO and NATO's goal of peace, prosperity and security. The NATO Council of Canada ensures that we have an informed citizenry able to contribute to discussions about Canada's role on the world stage.

The NCC has strong ties with the Government of Canada including the Department of Foreign Affairs, Trade and Development and the Department of National Defence. We are constantly working to create and maintain relationships with international organizations such as the World Bank Group, the European Bank of Reconstruction and Development, NATO Headquarters, the International Criminal Court, and other prominent international NGOs and think tanks.

Description of the Conference:

This NATO Council of Canada's fall conference entitled "Ukraine: The Future of International Norms" will examine the Ukrainian conflict through three different panels.

The first panel will discuss the major issues surrounding the crisis, including energy & sanctions.

The second panel, featuring the Estonian, Norwegian and Polish ambassadors to Canada, will provide perspectives from these neighboring nations.

The third panel will discuss security concerns with representatives from NATO and the Canadian Armed Forces.

Keynote speakers include Ukrainian Ambassador, H.E. Vadym Prystaiko, Canadian Senator, The Hon. Raynell Andreychuk and Canadian Foreign Minister, The Hon. John Baird. The conference seeks to analyze the shifting sands in Eastern European relations.
