

SUSK Participates in the 2015 SKYMO Conference

From August 26-28, 2015, two members of SUSK participated in the conference of the World Congress of Ukrainian Youth Organizations (CKYMO) in Odessa, Ukraine. Attendees of the conference were from across the world, from Germany, Ukraine, Poland, and Canada, among others. Past SUSK President Danylo Korbabicz (2010-11, 2012-13) and current Internal Relations Director Anton Waschuk represented the Ukrainian Canadian Students' Union at the conference.

“SKUMO Forum was a great event in which Ukrainian diaspora from around the globe had a chance to meet and bond through their shared roots, motivations and ambitions” stated Anton Waschuk. “The event was held in beautiful sunny Odessa, day by day, delegates met to listen to the variations of panels being held, varying from the ways diaspora can lobby on Ukraine's behalf, to the economic aspects of the current situations and the way to attract investors and disruptive leaders. Overall this forum was a great opportunity to network, share common missions and visions amongst fellow diaspora, learn about the current and unfolding situation and, realign SKUMO's leadership into the accountable and transparent organization it could be.”

On behalf of the National Executive,

Cassian Soltykevych
President

Anton Waschuk
Internal Relations Director
