UKRAINIAN CANADIAN CONGRESS

CONGRÈS DES UKRAINIENS-CANADIENS

July 21, 2021

Dear SUSK delegates!

On behalf of the Ukrainian Canadian Congress (UCC) I am pleased to extend greetings to the delegates attending the 2021 SUSK National Congress – Leaders of Tomorrow.

The UCC counts SUSK as a key member organization. You play a leading role in engaging young members of our community from coast to coast, advancing and promoting the interests of our Ukrainian Canadian community, and educating students on issues relevant to our community. It has been inspiring to see the innovative campaigns presented by SUSK in this past year such as the Russian Aggression awareness campaign and raising funds through Virtual Koliada.

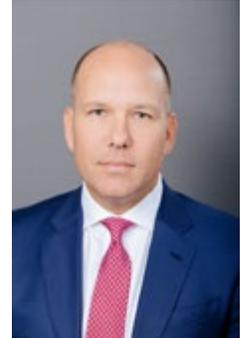

This year, due to the COVID-19 pandemic, your SUSK National Congress is once again taking place virtually. We are inspired by how our community has responded and adapted to virtual events, and the determination to overcome the challenges brought on by the pandemic to ensure organizations stay united.

The UCC looks forward to working with you as future leaders of our community and wish all attending a productive and memorable (virtual) Congress.

Wishing you a great Congress!

Alexandra Chyczij

UCC National President

August 09, 2021

Dear friends,

On behalf of the Ukrainian World Congress, I would like to welcome the participants and guests of the 67th annual SUSK National Congress.

Since its founding in 1953 in Winnipeg Manitoba, SUSK has fostered new generations of Ukrainian Canadian leaders. Today, SUSK represents hundreds of Ukrainian students at over 20 post-secondary institutions across Canada. Run by student volunteers, SUSK brings together emerging leaders and changemakers, passionate for strengthening our community and Ukraine's future.

I am especially proud that, despite the challenges of the pandemic, SUSK continued to support Ukrainian Canadian students in times of need. Through impactful initiatives and novel programs, such as SWEAT with SUSK and SUSK Connect, SUSK continued to build an engaged community. In addition, SUSK provided a powerful international youth advocacy voice through its anti-Russian aggression information campaign, supported by the Ukrainian World Congress.

As SUSK past President myself, I am inspired by the commitment and passion of its today's leadership and members. I thank all of you for your hard work and dedication. Together, we are building the future for our community in Canada and beyond.

Sincerely,

Paul Grod

A MESSAGE FROM PREMIER JOHN HORGAN

As Premier of the Province of British Columbia, I'm pleased to welcome everyone participating in the 67th National Congress of The Ukrainian Canadian Students' Union.

This annual event provides a unique opportunity for connection and discovery among young leaders who are passionate about building a better future for everyone. The engaging seminars, workshops and panels that students will participate in offer a wonderful way to develop essential skills, gain greater confidence and enjoy a shared sense of purpose. I have no doubt that the week's events will inspire participants to become the "leaders of tomorrow" while also providing a platform for socializing and networking with other students of Ukrainian heritage.

Organizing virtual events of this magnitude takes an enormous amount of time and effort, and I want to express my gratitude to the organizers who have made this year's congress possible.

To the students – I wish you an energizing and productive time!

PRESIDENT'S REPORT

On behalf of the SUSK National Board of Directors, I would like to welcome everyone to our second virtual congress. Given the current pandemic, we are unable to meet in person this year. This virtual format, however, will allow members across the country to participate in congress. With that in mind, congress will focus on ensuring that SUSK has the proper mandate and direction to be effective this coming year.

As we join to participate in this year's congress, SUSK and the Ukrainian Community will also celebrate a historical event, Ukraine's 30th anniversary of independence. Since being founded in 1953, SUSK has represented the voices and views of Ukrainian Canadian students. And although we should wave our blue and yellow flags to celebrate, Ukraine's independence to this day is threatened, and SUSK must continue to advocate and be the voice from coast to coast to ensure Ukraine's independence and euro integration.

Although the pandemic has thrown all of us a curveball, SUSK has continued to advocate on Ukrainian issues. We have brought together clubs from across the country to educate Ukrainians and Canadians on matters pertaining to Ukraine to ensure strong support from all.

SUSK continues to be a strong organization with a combination of Ukrainians who just came to Canada to fourth-generation Ukrainians, from various youth groups, dance groups, and/or no groups. These students who get involved in their local Ukrainian Student Organizations (USO's) and SUSK learn to become leaders in the Ukrainian Canadian community and the future leaders of Canada.

To all our donors, thank you for your support, as year after year, your contributions continue to allow us to be a highly effective organization and one that can continue to educate, advocate, grow and innovate.

I want to congratulate my fellow executives on such a successful year. Their ability to adapt and continue to be effective and supportive even during these difficult times shows the resiliency of SUSK. Devon, Irina, Marc, Nykola, Larisa, Kira, Anastasiya, Danya, Maya, Raya, Alexandra, and Chase: thank you for your hard work and dedication to SUSK. Because of everything you did this year, we were indeed successful, and I thank you for that. A special thank you to Stephanie Nedoshytko for your continued support and mentorship to the executive and me.

I would also like to thank our member USOs across the country. Their hard work and continued support adds to our strength, validity, and presence across Canada.

After four years on the SUSK board and two years as President, it has been a great honour and privilege to be a part of SUSK, to work to benefit our community, and advocate for Ukraine. I have never been more excited about SUSK's future and am certain that we can continue to flourish, grow, and make a difference.

Slava Ukraini! Slava Kanadi!

NATIONAL COORDINATOR'S REPORT

Dear SUSK delegates!

Wow, what a year it has been. As summer is wrapping up, this is a great time to reflect on what SUSK and the hromada were able to accomplish through this difficult time. Though this year felt and looked very different due to the pandemic, SUSK and their member Ukrainian Student Organizations (USOs) were able to overcome the many hurdles and challenges with passion, determination and enthusiasm.

I had the privilege of joining the SUSK team in early December 2020, as the National Coordinator and am grateful to be part of such a hardworking and committed Board of Directors. I also thank each of you for staying involved in your USO and for developing some amazing ideas when applying for the SUSK USO project. Not only were you able to sustain your club but also the Ukrainian community around you.

As this Congress is virtual, I hope you all are able to take as much out of it as you can. We are grateful for your attendance and support and are looking forward to connecting with you over our Thursday evening Trivia night, or listening in to the Ukrainian, Reconciliation, Session on the Saturday, or joining us in introducing our first ever Inclusion and Diversity Policy thanks to our Advocacy committee. Either way, I am looking forward to crossing paths with you!

I'd like to pass my compliments and congratulations along to the outgoing SUSK Board of Directors on such a prosperous year. They have once again shown their resilience to strive for more in a virtual world.

A special thank you to Roman Grod for your support and guidance to myself and the Board. We are excited to see you become one of the next leaders in the diaspora, and what you have planned transitioning into your role as Past President.

I wish everyone a fantastic 2021 National Congress and the best in the upcoming academic year!

STAKEHOLDER MESSAGE

As the Vice President Finance for the 2020-2021 SUSK Executive year, I would like to express my deepest gratitude to the Executive members for their tremendous dedication and hard work over the past year. For over 65 years, SUSK has continued to inspire students to get involved and take an active role in advocacy initiatives and furthering their Ukrainian culture across Canada and beyond. The past 2020 year may have been a difficult one with the Covid-19 pandemic, but our incredible executive team rose above the challenge to connect our Ukrainian community and grow our organization. We introduced several new initiatives and modified other events in order to engage Ukrainian Canadian students across the country. My fellow Executive members are some of the most talented and hard working individuals I have had the pleasure of working with, and serving on the Executive board for a second year has been a true honour. I thoroughly enjoyed working to maintain and further the accountability and sustainability of our organization, and thank all of those who took part in this process.

Our efforts could not have been successful without our generous donors and sponsors, and I would like to personally thank them for continuing to support Ukrainian-Canadian students across Canada!

In an effort to continue and develop the sustainability and fair representation of the SUSK Financial Statements, my recommendations for the incoming Executive are:

1. For SUSK to continue to use Quickbooks as the primary accounting software, as it has allowed us to maintain a strong grasp of our financials.
2. Given the turnover of the SUSK Executive every 12 months, it is important there is detailed reporting for all of the financials surrounding SUSK to ensure an easy transition between executives. Encouraging in-person or virtual transitions to ensure all key questions and concerns are addressed. It is strongly recommended that the new Executive team looks into proper transition planning strategies and that transition reports become a standard procedure for SUSK.
3. With SUSK's continuous growth, spending and revenues have increased in the organization. The creation of SUSK's financial policy framework allows for more oversight and checks. It is important to not only continue to use this framework, but to further develop our guidelines to monitor and regulate SUSK's spending.
4. As SUSK has incorporated, it is important to create an annual budget that can be used to guide spending for the next year. It is recommended that SUSK creates an annual budget to ensure proper monetary allocation.
5. Continue to grow our Endowment Fund and look into various funding and grant opportunities to increase our financial stability for years to come.

With these recommendations I believe SUSK will continue to grow and I am excited to see what the future holds for our incredible organization.

Warmest Regards

Irina Boyko

SUSK Vice President Finance
