Boycott Putin Now Twitter Storm

United with Ukraine, the [Ukrainian Canadian Students' Union \(SUSK\)](#), and [#DigitalMaidan](#) ask you to join the "Boycott Putin Now!" Twitter Storm: Help us take the **2018 World Cup away from Russia**. On **Tuesday July 8th, 12pm ET**, our Twitter storm will educate FIFA's sponsors about Putin's human rights crimes. The World Cup promotes peace and anti-racism; Putin proudly opposes its values.

Eugene Melnyk, Chairman of the Campaign Advisory Committee for United with Ukraine, talked to the [Ottawa Citizen about the international boycott](#): "We have Presidents and Prime Ministers of Western nations looking for additional economic sanctions to further punish and isolate Russia. And, we have this opportunity standing right in front of us to **have FIFA strip Russia of its 2018 World Cup hosting rights which is estimated to be worth \$20 billion to that country**. I can think of more than 100 countries that would be far more deserving of that \$20 billion than Russia."
